## Features and Accessories

- The perfect fireplace choice for that semi-custom home.
- AFUE heater efficiency of 70%; steady state efficiency of 75%.
- Standard 160 cfm fan helps move warmed air into the room.
- The standard wall switch (WSK-MLT) provides complete control at your fingertips by offering an ON/OFF ability, fan control, HI/LOW flame control,
- pilot function, thermostat capabilities and room temperature display.
- Choice of five signature Heatilator fronts to create just the right look (one required for unit completion).
- Optional Heat Zones available to route some heat into two separate rooms of the home.
- Top or rear direct vent allows installation along interior or exterior walls, below grade, or in corners.
- Sealed combustion chamber uses only outside air for combustion, helping to preserve indoor air quality and prevent negative air pressure problems.
- 27,500–45,000 Btu/hr.
- UL tested and listed; Limited Lifetime Warranty.

## Decorative Fronts

Decorative Fronts are available in black, nickel, bronze or pewter to match or contrast with the front. All fronts feature standard safety mesh.
